About Us

The Public Administration Study Program has the main objective of producing professional and highly dedicated graduates in mastering the science and technology of public administration from a public governance perspective. The Public Administration Study Program has four graduate profiles, namely public administrator, policy analyst, organizational analyst and public activity manager. The courses in this curriculum train thinking and sharpen students' sharpness in designing and managing public sector organizations, implementing public policies, managing services and public participation; and realizing public values such as efficiency, effectiveness, justice and democracy both individually and in teams
