& VISION MISSION

VISION

Become a center for the development of tourism science which is used as a reference for the Tourism Study Program nationally and is known to the Southeast Asian community in 2025.

MISSION

1. Carrying out management of PSP FIA-UB which prioritizes principles *good governance*.
2. Organizing and developing tourism education using educational technology (curriculum, infrastructure, knowledge, and teaching systems) that produces graduates with adaptive character to change and are competitive.
3. Carry out and develop research to find, develop and test knowledge in the field of tourism to strengthen and enrich the learning process and improve people's welfare.
4. Organizing and developing community service based on sensitivity to tourism issues and implementing research that contributes to solving problems in the tourism industry

ABOUT US

The Tourism Studies Program offers high-quality education in an international academic environment, open to students from various countries. This program focuses on mastering various aspects of the tourism industry, from hotel management to sustainability planning, and is taught by experts in the field. Our curriculum is constantly updated to reflect the latest trends, including digitalization and global sustainability issues.

We have partnerships with universities both domestic and overseas which enable knowledge exchange and advanced study opportunities. The Tourism Study Program is also active in research that focuses on developing the tourism industry at both national and international levels.
